Docket No. R2006-1

NOTICE OF THE UNITED STATES POSTAL SERVICE OF FILING
A REVISED LIBRARY REFERENCE USPS-LR-L-46 [ERRATA]
(August 2, 2006)

The United States Postal Service hereby files notice that today it is filing a revised Library Reference USPS-LR-L-46, *Parcels Cost Models*, a Category 2 library reference sponsored by witness Miller (USPS-T-21). This library reference was originally filed with an addendum that corrected erroneous PPSM and SPSM piggyback factors that were used in the Parcel Post, Bound Printed Matter, and Media Mail / Library Mail cost models, and that corrected the erroneous use of values in the Bound Printed Matter Destination Sectional Center Facility (DSCF) cost model. Further revisions are now being made to the Parcel Post models: 1) the inter-BMC and intra-BMC retail percentages that were calculated in the response of witness Miller to interrogatory UPS/USPS-T21-4 have been included on page 7; and 2) the DBMC, DSCF, and DDU machinable, nonmachinable, and oversize volume percentages suggested in interrogatory UPS/USPS-T21-20, parts (f) and (g), have been included on page 7.

These revisions have been incorporated into the addendum Parcel Post Excel file that was originally filed (which as noted above had corrected erroneous PPSM and SPSM piggyback factors in the Parcel Post models), and affect the following pages of

that file: pages 1, 2, 9-14, and 33. A revised addendum Parcel Post Excel file, incorporating both the PPSM and SPSM piggyback factor errata and the errata that is the subject of this notice, is being filed today. Hardcopies of those pages that are affected by the entirety of the errata are provided in the addendum to the hardcopy library reference.

Copies are also on file with the Postal Service library.

Respectfully submitted,

UNITED STATES POSTAL SERVICE
